Dear Sir,

pursuant to my inquiry of last July, I should greatly appreciate it if you would let me know whether your records show my German scholastic qualifications for my registration in 1932. The reason for this inquiry being that all my records were subsequently lost in Germany.

In case your files contain or refer to such records I should be much obliged if you would let me have photostatic copies in duplicate, and I shall refund any expense incurred.

Thank you for your kind attention and cooperation,

Sincerely

re.: Inquiry as to registration
1931 - 1933

Gentlemen,

pursuant to a German domestic inquiry. I have been requested to state the number of terms I have been registered at a U.S. college and/or university.

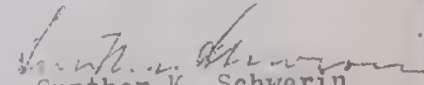

I have been registered at your school for business and finance from 1931 to 1933 under dean Balderston. Due to the rise to power of the Nazi regime, I had to discontinue my studies and to return to Germany where my records were lost.

I should be much obliged if you would let me know whether your records are still available and whether you might be able to give the exact dates of my registration without incurring too much inconvenience. Otherwise, I shall contact former students with whom I went to school and who might be able to supply the information requested.

Dean Balderston and professor Connors, at the time, discussed the situation with me at several occasions and were kind enough to take a great deal of personal interest. I should appreciate it very much if you would let me know their addresses in case they are known to you.

Thank you for your kind cooperation and your early reply,

very sincerely yours

Dear Sir,

I am an American citizen and have been requested, pursuant to a German inquiry, to state the number of terms I have been registered at an "U.S. college and/or university.

During the time of world war II, I have been registered at your college, as I recall in 1941 or 1942, and have taken a crash course in » production management which I completed with the second highest note (and honors).

I should be much obliged if you would let me know whether your records are still available and whether you might be able to let me have the exact dates of my registration as well as the department in which the course was given.

Thank you for your kind cooperation and your early reply,

very sincerely yours
